SUPERVISOR'S REPORT

Expenditure & Revenue reports were in the Board's packets.

NYS DOT, Scott Stearns has been contacted by Matt Newby with the Town of Long Lake's concerns of the retaining wall at the Town field. Mr. Stearns was reminded that NYS DOT Commissioner Marie Therese Dominguez and Region 2 Director Linda Lubey said the issues would get fixed when they visited in July after the flood. Mr. Stearns has sent the project up the chain of command to increase visibility.

The Reiss family wrote a letter to NYS DOT Region 2 about the speed limits in the Hamlet of Long Lake. Supervisor Arsenault thanked them for their tenacity in writing the DOT, and hope that more people do the same.

The Town has received the Pre-Review Comment Form for the TAP-CMAQ-CRP grant application. The award will not be announced until June 2024, the State-Local Agreements will not be finished until December 2024, it is recommended to hold off on the design process until January 2025.

Organizational meeting for the Town of Long Lake will be held January 3, 2024, at the Long Lake Town Hall at 7:00pm.

The Raquette Lake Historian, Joanna Nelson has submitted her letter of resignation. Letters of interest and qualifications will be accepted in January 2024.

Water system inspections from NYS Department of Health Engineer, Marlene Martin were included in the Board's packets. The inspection noted that increased storage for Raquette Lake is a must, which will be discussed with Town Engineer Firm CHA.

Mountain Abstract is still working through historical records to determine the ownership and rights to the causeway of Jennings Park Pond.

Engineered design and plan estimated cost will be around \$850,000, just the design would require the second biggest bond the Town has ever had. The Town could go through the process of design, incur that debt, and still have DEC, APA, Comptroller's Office, environmentalists, and any number of other unknown factors stop the project. Bond Counsel search has started, which will be needed no matter what route is taken.

If the causeway can be rebuilt, it will need to be to current codes and standards, and likely move the most vulnerable point of failure to the Route 30 causeway. This point will be pressed with the NYS DOT to work with the Town to fortify their structure, while also improving parking and pedestrian safety.

NEW BUSINESS

Resolution to Approve the 2024 Shelter Services Contract with Tri-Lakes Humane Society

WHEREAS, the Town has annually entered into a contract with Tri-Lakes Humane Society, an incorporated Humane Society, as defined in New York State Agriculture and Markets Law, and based in Saranac Lake, Franklin County, New York; and

WHEREAS, Tri-Lakes Humane Society shall provide shelter services for dogs apprehended by the Town Dog Control Officer, and for whom the owners cannot be located ; and

WHEREAS, the Town Board has allocated funds for this contract in the 2024 Town Budget;

Now, Therefore, be it resolved that the Town Board of the Town of Long Lake,

Hereby approves the 2024 Shelter Services Contract with Tri-Lakes Humane Society and authorizes the Town Supervisor to sign the contract.

Resolution to Sign the Request for Federal Assistance from the USDA NRCS Emergency Watershed Protection (EWP) Program Project # 5060-005, Shaw Brook Debris Removal

WHEREAS, Shaw Brook suffered damage and large deposits of debris and sedimentation along its course during the storm event of July 10th, 2023; and

WHEREAS, the damaged sections of Shaw Brook lies within the bounds of private property, however the damaged flow capabilities of the brook present risks to lands both upstream and downstream from the damage; and

WHEREAS, the Town has the opportunity to sponsor the repair project with the support of the USDA NRCS, after gaining rights from property owners to access and repair the brook, thereby making Federal funds available to potentially protect not only the adjacent property owners but

also those above and below the damage, including property owned by the Town of Long Lake;
and

WHEREAS, the USDA NRCS has presented the Town with a proposed Scope of Work resulting an estimated project budget of \$340,000 total, with the Town responsible for \$82,500 of the total cost after reimbursement for both construction costs and technical assistance costs;
and

WHEREAS, the Town plans to cooperate with Hamilton County Soil & Water Department, and the Hamilton County Department of Public Works to do the work on this project, thereby limiting costs and the need to involve outside contractors;

Now, Therefore, be it resolved that the Town Board of the Town of Long Lake,

Hereby authorizes the Town Supervisor to sign a Request for Federal Assistance from the USDA NRCS Emergency Watershed Protection (EWP) Program Project #5060-005, Shaw Brook Debris Removal.
